

Revision to the Fee Schedule for Water Allocation Permits N.J.A.C. 7:19-3.6

The Department of Environmental Protection (Department) adjusted the fees for water supply allocation permits, temporary dewatering permits, and water use registrations set forth in the Water Supply Allocation rules at N.J.A.C. 7:19-3.6. Notice of this fee increase was published in the October 7, 2019 New Jersey Register. In accordance with N.J.A.C. 7:19-3.4, the fees were adjusted for inflation based on the previous 12-month United States Department of Labor Consumer Price Index (CPI), U.S. city average, all items, all urban consumers. As provided by the U.S. Department of Labor, Bureau of Labor Statistics, on July 1, 2019, the applicable CPI is 1.8 percent. Adjusted fees were rounded for accounting simplicity, down to the nearest \$5.00 increment.

This new fee schedule is effective January 1, 2020.

7:19-3.6 Fee Schedule

- (a) Fees shall be charged for water supply allocation permits and dewatering permits issued under this chapter pursuant to the following schedule:

1. Initial application and permit modification fees (\$):
